

CLARESHOLM AGRICULTURAL COLLEGE OPENED ON TUESDAY

On Tuesday morning the Agricultural College of which Clareholm ought to be so proud of was officially opened. This is only the starting of the second year and on the opening day close to one hundred students registered for this season course. In the neighborhood of 45 boys and 19 girls for the the second year work and about 40 boys and 20 girls for the 1st year course. Great credit is given to the Principal Mr. Stephen

Bad Creek, Lawrence, Kelowna, B. C. and Finnely Duggan from County Tyrone, Ireland; to get the benefit of the Education from this College. Other than the Principal a very able and efficient staff will assist in the teaching. The staff for this year will be Miss Hayward of Nora Scotia with a diploma from MacDonald College; Miss Frank of Brandon who has a diploma from the Lady's College at Whitby as well as two years standing at Toronto University and Miss McInane a trained nurse from Edmonton.

Mr. Stephen B. A., B. S. A.; P. M. Able B. S. A.; C. S. Logan C. S. A.; J. C. Hooper M. A.; H. S. Pearson B. S. A.; A. W. Foley B. S. A.; Dr. P. T. Hild C. S. and J. H. McNally. Other than the usual course of class work many special lectures will be given during the season by H. A. Craig, Superintendent of Demonstration Farms; Geo. Harcourt, Deputy Minister of Agriculture; W. F. Stevens, Provincial Livestock Commissioner; C. P. Marker, Prov. Dairy Commissioner; and Alex. Galbraith of Brandon. Last year special course was given, but this year no such course will be given and any one going to the college must take a complete course of subjects. These courses are very expensive to the college and as much money is being spent on building this year, Mr. Stephen does not see how a short course can be given. This College is the biggest and best advertisement the town has and it is up to the people of Clareholm and surrounding country to boost it to its very one.

Mr. Frang, who holds a diploma from Wisconsin Agricultural College, has had charge of several experimental stations in the United States, was manager of Duke of Southernland Estate, and previous to coming here was manager of the C. P. R. experimental farm at Brooks, will have charge of the farm and stock.

It would not be surprising. The confidence felt in these fields by old timers of the Calgary district, and by financiers of more than national reputation, is well illustrated by the case of a new company, Willow Creek Oils, Limited, just recently organized with an authorized capital of 10,000,000. Its President is William Pearce, of Calgary, an old-timer exceptionally well informed on the natural resources of Alberta, and an official of the company owning the Discovery well, which is already producing.

The confidence felt in these fields by old timers of the Calgary district, and by financiers of more than national reputation, is well illustrated by the case of a new company, Willow Creek Oils, Limited, just recently organized with an authorized capital of 10,000,000. Its President is William Pearce, of Calgary, an old-timer exceptionally well informed on the natural resources of Alberta, and an official of the company owning the Discovery well, which is already producing.

CLARESHOLM and DISTRICT

Mr. C. S. Noble of Nobleford, Alta. is in town on business to day.

H. L. Uglund, of Devilshake N. Dak. was in town on business this week.

Mrs. Stebbins of Deaver Col. is in town visiting with her son Mr. R. Stebbins.

The Hon. Duncan Marshall, Minister of Agriculture visited the College last week.

Mrs. R. E. Moffatt came home from the Holy Cross Hospital Calgary on Saturday.

W. P. Teskey, of Vancouver, B. C., was visiting in town with friends the beginning of this week.

Mr. Wm. Moffatt M. P. P. has been up at Edmonton this past month attending parliament sessions.

70 cattle were shipped by the 44 ranch to Calgary yesterday evening. Allen MacDonald was the buyer.

Messrs. Walter, Charles and Milton Vanhorn, of Lethbridge are in town visiting with their father who is very old at present.

The big sale at Jas. Clark Co.'s store is all over and a new stock has just arrived and is now in preparation for your inspection.

The Footlights Dramatic Society will inside the next three weeks put on a play at popular prices and the proceeds will go to the Patriotic and Relief Society.

Mrs. W. R. Shanks and Mrs. D. Pearson and daughter Lena who are visiting with Mrs. Shanks, spent a few days with Mrs. W. Gardner of Maple.

Messrs. B. Gurney and R. D. Miles of Calgary motored from there yesterday evening in a car by the name of "Ben" no punctures on the way.

Chicken shooting is the talk of the town in town but why not just a little further ahead and change the subject to "How About a Skating Rink?"

There will be a Patriotic concert and dance in the Meadow Creek school house on Friday night. A fine concert is prepared and everyone is cordially invited to attend.

Unpaid subscriptions to the Patriotic and Relief fund will be received by the Canadian Bank of Commerce here and a new manager of Bank is visiting with Mr. D. A. McKinnon of Meadow Creek. Mr. Complin expects to join the soldiers here.

Monday morning Mr. R. J. Forbes, who has been with the Canadian Bank of Commerce here for the last year, was moved to Medicine Hat. Mr. Forbes will be greatly missed by his many friends in Clareholm.

Right Rev. Canon Walter V. Sinden, Dean of the Cathedral, visited 17 A. Medicine Hat Hotel Tux Cross Chapter Royal Arch Masons on Tuesday November 10th at eight o'clock in the Masonic Hall.

Mr. and Mrs. D. Clarkson left on Monday morning train for Strathcona where they will reside. Mr. Clarkson will manage that branch of the Canadian Bank of Commerce.

The Hon. Simpson at the Post Office and Secretary J. R. Watt.

The Hallowell Orchestra will play in the T. O. O. F. Opera house on Saturday night. After the show there will be a dance and the orchestra will furnish the music. The show is under the auspices of the Knights of Pythias and a good concert is guaranteed.

Patriotic Society Hold Successful Concert

On Thursday evening last the Patriotic and Relief Funds Society held a concert which turned out to be most successful both financially and to the audience. Close to two hundred people crowded into the opera house and opened the meeting by singing the Special Intercessory Version of The National Anthem which filled everyone with a great feeling of patriotism. After this many patriotic songs were given by local talent and a very fine speech was rendered by Mr. M. A. Buchanan M. P. from Lethbridge, Alberta.

Those taking part other than in the chorus were—Miss H. Strum, solo; Miss Anderson, Instrumental; Misses M. and G. Soby, duet; Mrs. (Dr.) Steves, solo; Miss Dorothy Colley, solo; Mr. Cornthwaite, solo; Mr. G. McLean, solo; Mr. L. G. Shortreed, solo; Master Haig, solo; Mr. W. R. Shanks, concert solo.

During the concert three lists were passed around by Messrs. Forbes, Smith and Proven which gave every one in the hall a chance to give something. Nearly everyone helped and in the neighborhood of \$400.00 was taken in.

The chair was very ably filled by Mayor Holmes and the musical part of the programme was directed by Mr. Wm. Moffatt.

Distribution of Seed, Grain and Potatoes, from the Dominion Experimental farms 1914 and 1915

By instructions of the Hon. Minister of Agriculture a distribution of seed, grain and potatoes will be made during the coming winter and spring to Canadian farmers. The samples for general distribution will consist of spring wheat (about 5 lbs.), white oats (about 4 lbs.), barley (about 5 lbs.) and field peas (about 5 lbs.). These will be sent out in 3 lb. samples. A distribution of potatoes (in 3 lb. samples) will be carried on from several of the experimental farms, the Central Farm at Ottawa supplying only the provinces of Ontario and Quebec. All samples will be sent free, by mail.

Applicants must give particulars in regard to the soil on their farms and some account of their experience with such kinds of grain (or potatoes) as they have grown, so that a promising sort for their conditions may be selected.

Each application must be separate and must be signed by the applicant. Only one sample of grain and one of potatoes can be sent to each farm. As both samples are asked for in the same letter only one will be sent. Applications on any kind of printed form cannot be accepted.

As the supply of seed is limited, farmers are advised to apply early, but the applications will not necessarily be filled in the exact order in which they are received. Preference will always be given to the most thoughtful and explicit requests. Applications received after the end of January will probably be too late.

All applications for grain and potatoes (and for potatoes) should be addressed to Dominion Experimental Farm in that province. For Ontario, Quebec and New Brunswick, Ottawa. Such applications require no postage. If otherwise addressed delay and disappointment may occur.

Applicants, for potatoes, from farmers in any other province should be addressed (postage prepaid) to the Superintendent of the nearest Branch Experimental Farm in that province. J. H. GRISDALE, Director, Dominion Experimental Farms.

There will be a special show at the Rex Theatre on Friday and Saturday of this week. The special picture is over 2000 feet long and is called "Over the Hills." The management of the theatre says there is no doubt that this is the best picture ever shown in Clareholm.

Authentic Returns of Signatures for Province Wide Prohibition Presented to the Provincial Government on October 13, 1914.

The Live Stock Associations

Higher Education

To the Editor:—Dear Sir:—It appears that there is considerable loss in connection with the marketing of hogs as a result of their being bruised through rough handling before they reach the packer. In some cases this loss amounts to \$800 or \$900 a car, and as it is impossible to tell which hogs have been bruised or pounded, it is obvious that the packer will have to protect himself by reducing the price on all hogs to cover the loss on about 30 per cent of the hogs which are ill-treated. This is a very serious matter for the farmers of Alberta, and you will be doing a very great service to your readers if you will call this matter to their attention and endeavor to have this practice stopped. Appreciation your co-operation.

Years truly,
E. L. Richardson
Secretary

Social Column

On Saturday evening a few friends were entertained at Miss E. Brown's at a farewell dinner and dance to Mr. Forbes, who left for Medicine Hat and probably for the war. Those entertained were, Messrs L. Shand and B. Jamieson, Messrs W. Moffatt, W. Gibbs, F. E. Connon, L. Calaghan, A. J. Smith and L. G. Shortreed.

Saturday night a few of Mr. Forbes' gentlemen friends met in the back room and had a quiet little farewell party. During the supper a few "hic" speeches were given and a couple of pipes were presented to him.

The basis of individual progress is the trained mind, and to those who desire to improve themselves the Home Studies arranged by the Western Home Student Educational League provide a wide scope for intellectual advancement.

The "Arts Course at Home" includes English Literature, British History, Mathematics, Political Economy, Sociology, Psychology, in fact all the subjects which are essential to a first class education.

"From College to Farm" is another of their popular Courses and consists of a systematic study in such Agricultural subjects as Stock-raising, Field Crops and Farm Management.

Each subject is efficiently handled by a University trained expert, who gives his undivided attention to the desires of the members of the League and the Courses are arranged in such a manner that in a very short time, even those who have had no previous knowledge or experience of such subjects, become very proficient and are able to apply the latest modern theories to every-day practical problems.

An interesting pamphlet explaining the scope and aims of the League may be procured free of charge on application to the General Secretary P. O. Box 2263 Winnipeg.

Have Patience For ON

With the fate of Europe hanging in the balance, Europe is naturally the great centre of interest, and Canadians may forget that peaceful developments of no little importance are afoot in their own country. Prospecting for oil in the Calgary district in which all Canada was deeply interested before the outbreak of hostilities, has been crowded out of the public eye by the Titanic struggle in which our Empire is now engaged. It is encouraging to know, however, that in recognizing their duty on the field of battle Canadians are not overlooking the fact that there must be no weakening of the effort to develop their own resources. The fact that some thirty wells are now actually being drilled in the Calgary oil fields is evidence that, while the war may have quieted speculation, legitimate development is going forward apace. Several wells have already turned heavy flows of gas, and are working now and favorable indications, and among those familiar with the field a big strike at any time

MAKING INVESTMENTS.

Befity of Principal is More Essential Than Big Return.

First, here is a quotation from a

thrift preacher:

"Many fortunes have been made through

investments. Many fortunes are lost, too, through unwise investments. But

thrift habits and consistent with

experienced persons. The wise investor

bankers will give you the wisdom necessary to handle money wisely."

Second, I set down a quotation from

the advertisement of a wise and conservative investment banker:

"In lending or investing money all

possible care should be taken to guard

against loss or injudicious decision. Every

investor should be made to assemble such reliable information

as permit of the exercise of intelligent judgment. The man who assumes

this attitude toward all investment

propositions comes to have an insurance

regard for the element of conservatism, and is ordinarily able to see to

secure the co-operation of investment experts."

Conservation in investment means

money, profit of capital, and a

percent a year on your money for

three or four years if at the end of

that time you have put in your

money in the way you have put in

your money. And when you leave the

end of conservation, putting your

money out to work this is exactly the

experience you are likely to have.

Better keep your money in the savings

bank, where it will earn about 4

percent and where, if you will, interest

will be compounded for you. It is

positively certain of the soundness of

the investment and you receive

adding to the saved sum. The savings

bank, too, is a mighty good way to

force the thrift habit upon you. From

him learn what the elements of sound

investment are. To invest—John H.

Oakman in Chicago News.

LURE OF THE OPIUM PILL.

And the Way the Cost Piles up as it

Enslaves Its Victim.

The American Magazine appears

an article entitled "A Modern Opioid

Elixir," written by a former newspaper

editor, who, becoming a victim of the

habit and its cure, is now a convert to a

temperance. The following is an extract

from his article giving an idea of the amount

of money required to an opium addict.

"The first time the opium addict

becomes a victim of the opium habit

and becomes a victim of the opium habit

and becomes a victim of the opium habit

and becomes a victim of the opium habit

and becomes a victim of the opium habit

and becomes a victim of the opium habit

and becomes a victim of the opium habit

WORKMEN CAN HELP

TROOPS AT FRONT

Urged to Take Personal Interest in

the Manufacture of Equipment

For Soldiers

One of Canada's best known public

men addressed the employees of a

large boot and shoe factory in Mon

real at their annual gathering last

evening as follows:

"This Company has obtained a con

tract from the Government for 40,000

pairs of boots, to be used by the sol

diers going to the front. I am in

formed by the managing director that a

very low bid was put in for these

boots, primarily for the purpose of

helping you men and women em

ployed during these trying times. Now,

I want to say a word to you with

about the boot contract. These boots

are to be worn by the Canadian sol

diers who go to war. A soldier's

soundness depends largely upon his

ability to march. He cannot travel

unless his feet are sound, and his

feet can only be kept in good con

dition if his boots are right. The

management will purchase the best

material possible to fit this contract.

The superintendents will use the ut

most vigilance, but unless everyone

of you makes it a personal matter

some of these boots may not be quite

right. It is easy for a latter to leave

a nail in the sole, which may lame

a man who wears the boot. The men

who do the sole must put in some

work which, in which case the sol

diers wearing those boots could not

use a spare supply; and it might

happen that on their being able to

work should be in which case the sol

diers wearing those boots could not

use a spare supply; and it might

happen that on their being able to

work should be in which case the sol

diers wearing those boots could not

use a spare supply; and it might

happen that on their being able to

work should be in which case the sol

diers wearing those boots could not

use a spare supply; and it might

happen that on their being able to

work should be in which case the sol

diers wearing those boots could not

use a spare supply; and it might

happen that on their being able to

work should be in which case the sol

diers wearing those boots could not

use a spare supply; and it might

happen that on their being able to

work should be in which case the sol

diers wearing those boots could not

use a spare supply; and it might

happen that on their being able to

work should be in which case the sol

diers wearing those boots could not

use a spare supply; and it might

happen that on their being able to

work should be in which case the sol

diers wearing those boots could not

use a spare supply; and it might

happen that on their being able to

work should be in which case the sol

diers wearing those boots could not

use a spare supply; and it might

happen that on their being able to

work should be in which case the sol

diers wearing those boots could not

use a spare supply; and it might

happen that on their being able to

work should be in which case the sol

diers wearing those boots could not

RETAIL MERCHANTS AND

"MADE-IN-CANADA" POLICY

Patriotism and Self-interest Promote

Sale of Home Made Articles—Re

duce Unemployment and Charity

Practical action by the Quebec

branch of the Retail Merchants' As

sociation of Canada was taken at a

meeting held in Montreal immediately

after the outbreak of the war. The

following letter from the Quebec

Secretary of the Association, Mr. J. A.

Brady, offers good advice to the

retailer and his customer alike:

Every Canadian housewife should

bear in mind this timely statement

when she goes into the corner store

to make her next purchase:

For years past, millions of dollars

worth of goods have been imported

into Canada from the countries involved

in the war. These importations have

now practically stopped, and ma, not

be resumed for a very considerable

period. The consequence is that the

price of all imported goods has been

materially increased, and will con

tinue to increase in proportion to the

excess of the demand upon the supply,

and we shall be surprised to see the

supply completely exhausted with

in a very short time. This fact is

creating some concern in the

minds of the public, who seem to believe

that the merchant is responsible for

such an increase.

We think it would be advisable for

you to point out to your customers

that in their purchases they should

give preference to goods made in

Canada, which would avoid paying

such high prices, and would help to

keep the Canadian factories busy,

thereby giving employment to Can

adian citizens at this particular time

when so many of our people are un

employed and in need of earning as

much as possible.

To encourage home industries is a

duty of all citizens, but should be

acted upon at this trying period for

self-preservation, and we strongly

suggest that you cooperate with your

customers in this matter, thereby dis

cussing your share in educating the public

to this end, and by so doing, greatly

benefiting the country.

The Retail Merchants' Association

of Canada, Inc.

Secretary for the Province of Quebec

Every dollar the Canadian house

holder spends for Canadian goods is

a contribution to the war effort, and

employed for relief during the next

few months.

The following are a few mottoes

which can be adapted to the slogan

change for use in every Western

community:

It isn't always the sky-scraper that

makes the city. A factory with a

big payroll will do twice as much.

Became impressed with the real

true citizenship duty you owe your

city in patronizing home industry.

OPINIONS EXPRESSED OF TROOPS OF THE ENEMY

In a letter which has just been received in London, an officer in the Cavalry Division now serving in France, pays a magnificent tribute to the resolute spirit, courage and endurance of British troops. The following are extracts from the letter:

I have just found my kit. I haven't changed anything for a week or taken off my boots for five days. I looked too filthy for words, and have been looking after my own horse, and have ridden one all the time as I could get it. I have been a bit of a beast, but he is a real plucked one and refuses to go lame. He keeps his condition well, too, considering. I hope I shall pick up the others today.

to hear the 600th Rifle Brigade and the Guards have covered themselves with glory. I haven't seen them. * * * The convents are grand and the nuns splendid. We were done awfully well by them. We subscribed to one between ourselves.

have reached Glasgow from the 1903 eva convention.

May Control Telegraph and Telephone Lines, Other Strategic Orders	Canning Factories Will Employ More Canadian Help
---	--

Any director or officer of a company contravening the provisions of the act is liable to a penalty of \$5,000 or five years' imprisonment.

Another order-in-council provides that any person who discloses to the enemy information, plans, photographs, etc., likely to be of military use, or for furnishing intoxicating liquor to anyone on military duty, will have the work in the canning factories that in previous years he had done in the pulp mills. He will be a student in Canada only during the canning season. The policy of the leadership of the company is to employ local men as far as possible.

Another condition that will tend to increase the number of Canadians employed in the pulp mills is that the country is the curtailment of imports

The navy way of doing things, on the face of it, looks dangerous, and you would think that they must have suffered for it, says an English writer. But they have not. While the army and navy were being killed in the trenches, the sailors were sitting off unscathed. They were smashing up machines. It is true, but they smashed machines was necessary because the machines were so lethal there was generally some

lubricating oil which was placed on the market is typical of the navy

George Says England Will Make
Farmers Should Devote More At-
tion to Live Stock to Meet In-

There is no man either inside or outside this hall who is more concerned than I that we could not have added the present war without nationalizing the Canadian cattle industry. There is no man either inside or outside this hall who is more concerned than I that we could not have added the present war without nationalizing the Canadian cattle industry.

referring to the accusation that Great Britain had used the treaty proposed for Belgian neutrality as a veiling cloak to veil her jealousy of a rising rival in the channel.

to the root of all ungodly law, we fighting against barbarism, and we. Is there only one way of putting it to rest? If there are nations who say, "We will respect treaties only when they are to their interest to do so, we will make it to their interest to do so and so." "We will make it to their interest to do so and so."

Increased production in hogs can be brought about more quickly than any other class of live stock, and consequently should receive immediate attention.

His struggle is a great war for emancipation of Europe from the yoke of the military caste which thrown its shadow upon two generations of men and has now plunged the world into a welter of blood. David Lloyd George said the German people are the slaves of the military caste.

...noting from Emperor William's speeches, which he declared, were full of swagger and boastfulness," the chancellor of the exchequer said when such sentiments became the policy of a great empire it was

EPT IN IGNORANCE OF TRUE STATE OF AFFAIRS

From time to time we read extracts from the German newspapers, as well as wireless despatches from that country, showing how the German people are kept in complete ignorance of the true condition of affairs regarding the progress of the war. It would appear

through the censorship of news by the authorities in Germany, and by means of spreading false reports broadcast, they are doing everything to sow discord and distrust in neutral countries. Letters and parcels received in Canada mailed from points in the United States, and no doubt written by agents of Germany, which contain statements bearing on

and, is illuminating: "Never in my life I should have ventured to think that Great Britain could ever declare war on Germany, a nation to which the British had close ties, and that there being thousands of thousands of friendly and amicable relations between the inhabitants of the two countries. The official publication of the telegrams exchanged between the three sovereigns

one man, to fight for our independence and our standing in the rank of the great powers. There are no more parties in our empire; the Socialists continue to tell you what news our papers publish of the war, and should be much pleased if you would be kind enough to reciprocate."
